

## '61 GLASSPAR 13'7" G-3

Chris Beisel, Virginia Beach, VA

Chris Beisel restored this outstanding '61 Glasspar from disastrous condition and claims that it's the only "mile-a-minute" G-3 on the water. Power is supplied by a color-coordinated, '74 115-hp Evinrude, equipped with trim, tilt and jack plate. It runs a 23-inch stainless prop and a renovated 22-inch transom. Beisel did all of the work himself.
